ABOUT US

Guangzhou Xusheng Furniture

XuSheng Office Furniture is a professional office furniture manufacturer based in Guangzhou, China, specializing in modern work-space solutions for global commercial projects.

Since 2008, XuSheng has developed an integrated manufacturing system covering panel furniture, metal fabrication, quality control, and export coordination.

Our 11,000 sqm production base combines both panel and steel manufacturing under one operation, ensuring consistent quality, efficient delivery, and reliable production control.

We design and manufacture complete office furniture systems for commercial environments worldwide, including workstations, executive desks, conference tables, and storage solutions.

As an ISO 9001 & ISO 14001 certified and FSC audited manufacturer, we operate under strict quality and environmental standards to support long-term global partnerships.

At XuSheng, we focus not only on manufacturing furniture, but also on helping our partners create efficient, modern, and sustainable workspaces through dependable production capability and long-term cooperation.

CERTIFIED QUALITY YOU CAN TRUST

We are committed to providing safe, durable and environmentally responsible products that meet international standards and support your business success in global markets.

ENVIRONMENTALLY FRIENDLY PANELS

Low Formaldehyde
Emission

LOW FORMALDEHYDE EMISSION & GLOBAL ENVIRONMENTAL COMPLIANCE

Our panel materials comply with internationally recognized environmental and formaldehyde emission standards.

Formaldehyde Emission Performance

- Standard: EN 717-1
- Classification: **E1**
- Result: $\leq 0.124 \text{ mg/m}^3$

3rd Party Certificate Standards

- CARB Phase 2
- EPA TSCA Title VI

FSC-certified materials available upon request for projects with sustainability requirements.

STEEL COMPONENTS ENVIRONMENTAL COMPLIANCE

RoHS Compliant

ROHS COMPLIANT STEEL COMPONENTS

All steel sheet and powder coating materials used in our products comply with RoHS environmental requirements.

Certification Standard

- RoHS Directive 2011/65/EU
- Amendment (EU) 2015/863

This helps ensure safer materials, restricted substances control, and easier access to European and international markets.

WHY IT MATTERS TO YOU

MEET GLOBAL REGULATIONS

Comply with environmental and safety standards in different markets.

REDUCE COMPLIANCE RISK

Lower the risk of import barriers, inspections and rejections.

ENHANCE BRAND VALUE

Certified quality builds trust with your clients and end users.

SUPPORT SUSTAINABILITY

FSC options and low-emission materials for a greener future.

STRONGER PARTNERSHIP

Reliable quality, consistent supply and long-term cooperation.

CERTIFIED MATERIALS. TESTED PERFORMANCE. TRUSTED PARTNER.

A simple straight desk, paired with a movable cabinet, and with some filing cabinets as needed, you can have a small office area that is uniquely yours. The straight desks come in various sizes to choose from, and there is always one that suits you.

Pure desking is a modern take on affordable desking. The individual desks offer the bench impression without restrictions. Available in a range of two tone combinations to suit any office scheme.

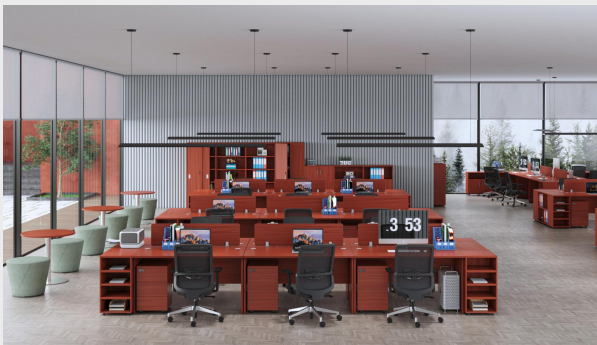

Office Solutions

Workstation Area

The edge filing cabinet is perfectly integrated into the cubicles, and the wireless connection combination of the cubicles can adapt to the size of different Spaces, truly achieving the adaptation of the three products (cubicles, desktop screens, and movable cabinets) to various Spaces.

Model No.	W × D × H(mm)
XS -EU0407TB	400x400x750

A simple desk filing cabinet may seem unremarkable at first glance, but it can be a good companion for your office work.

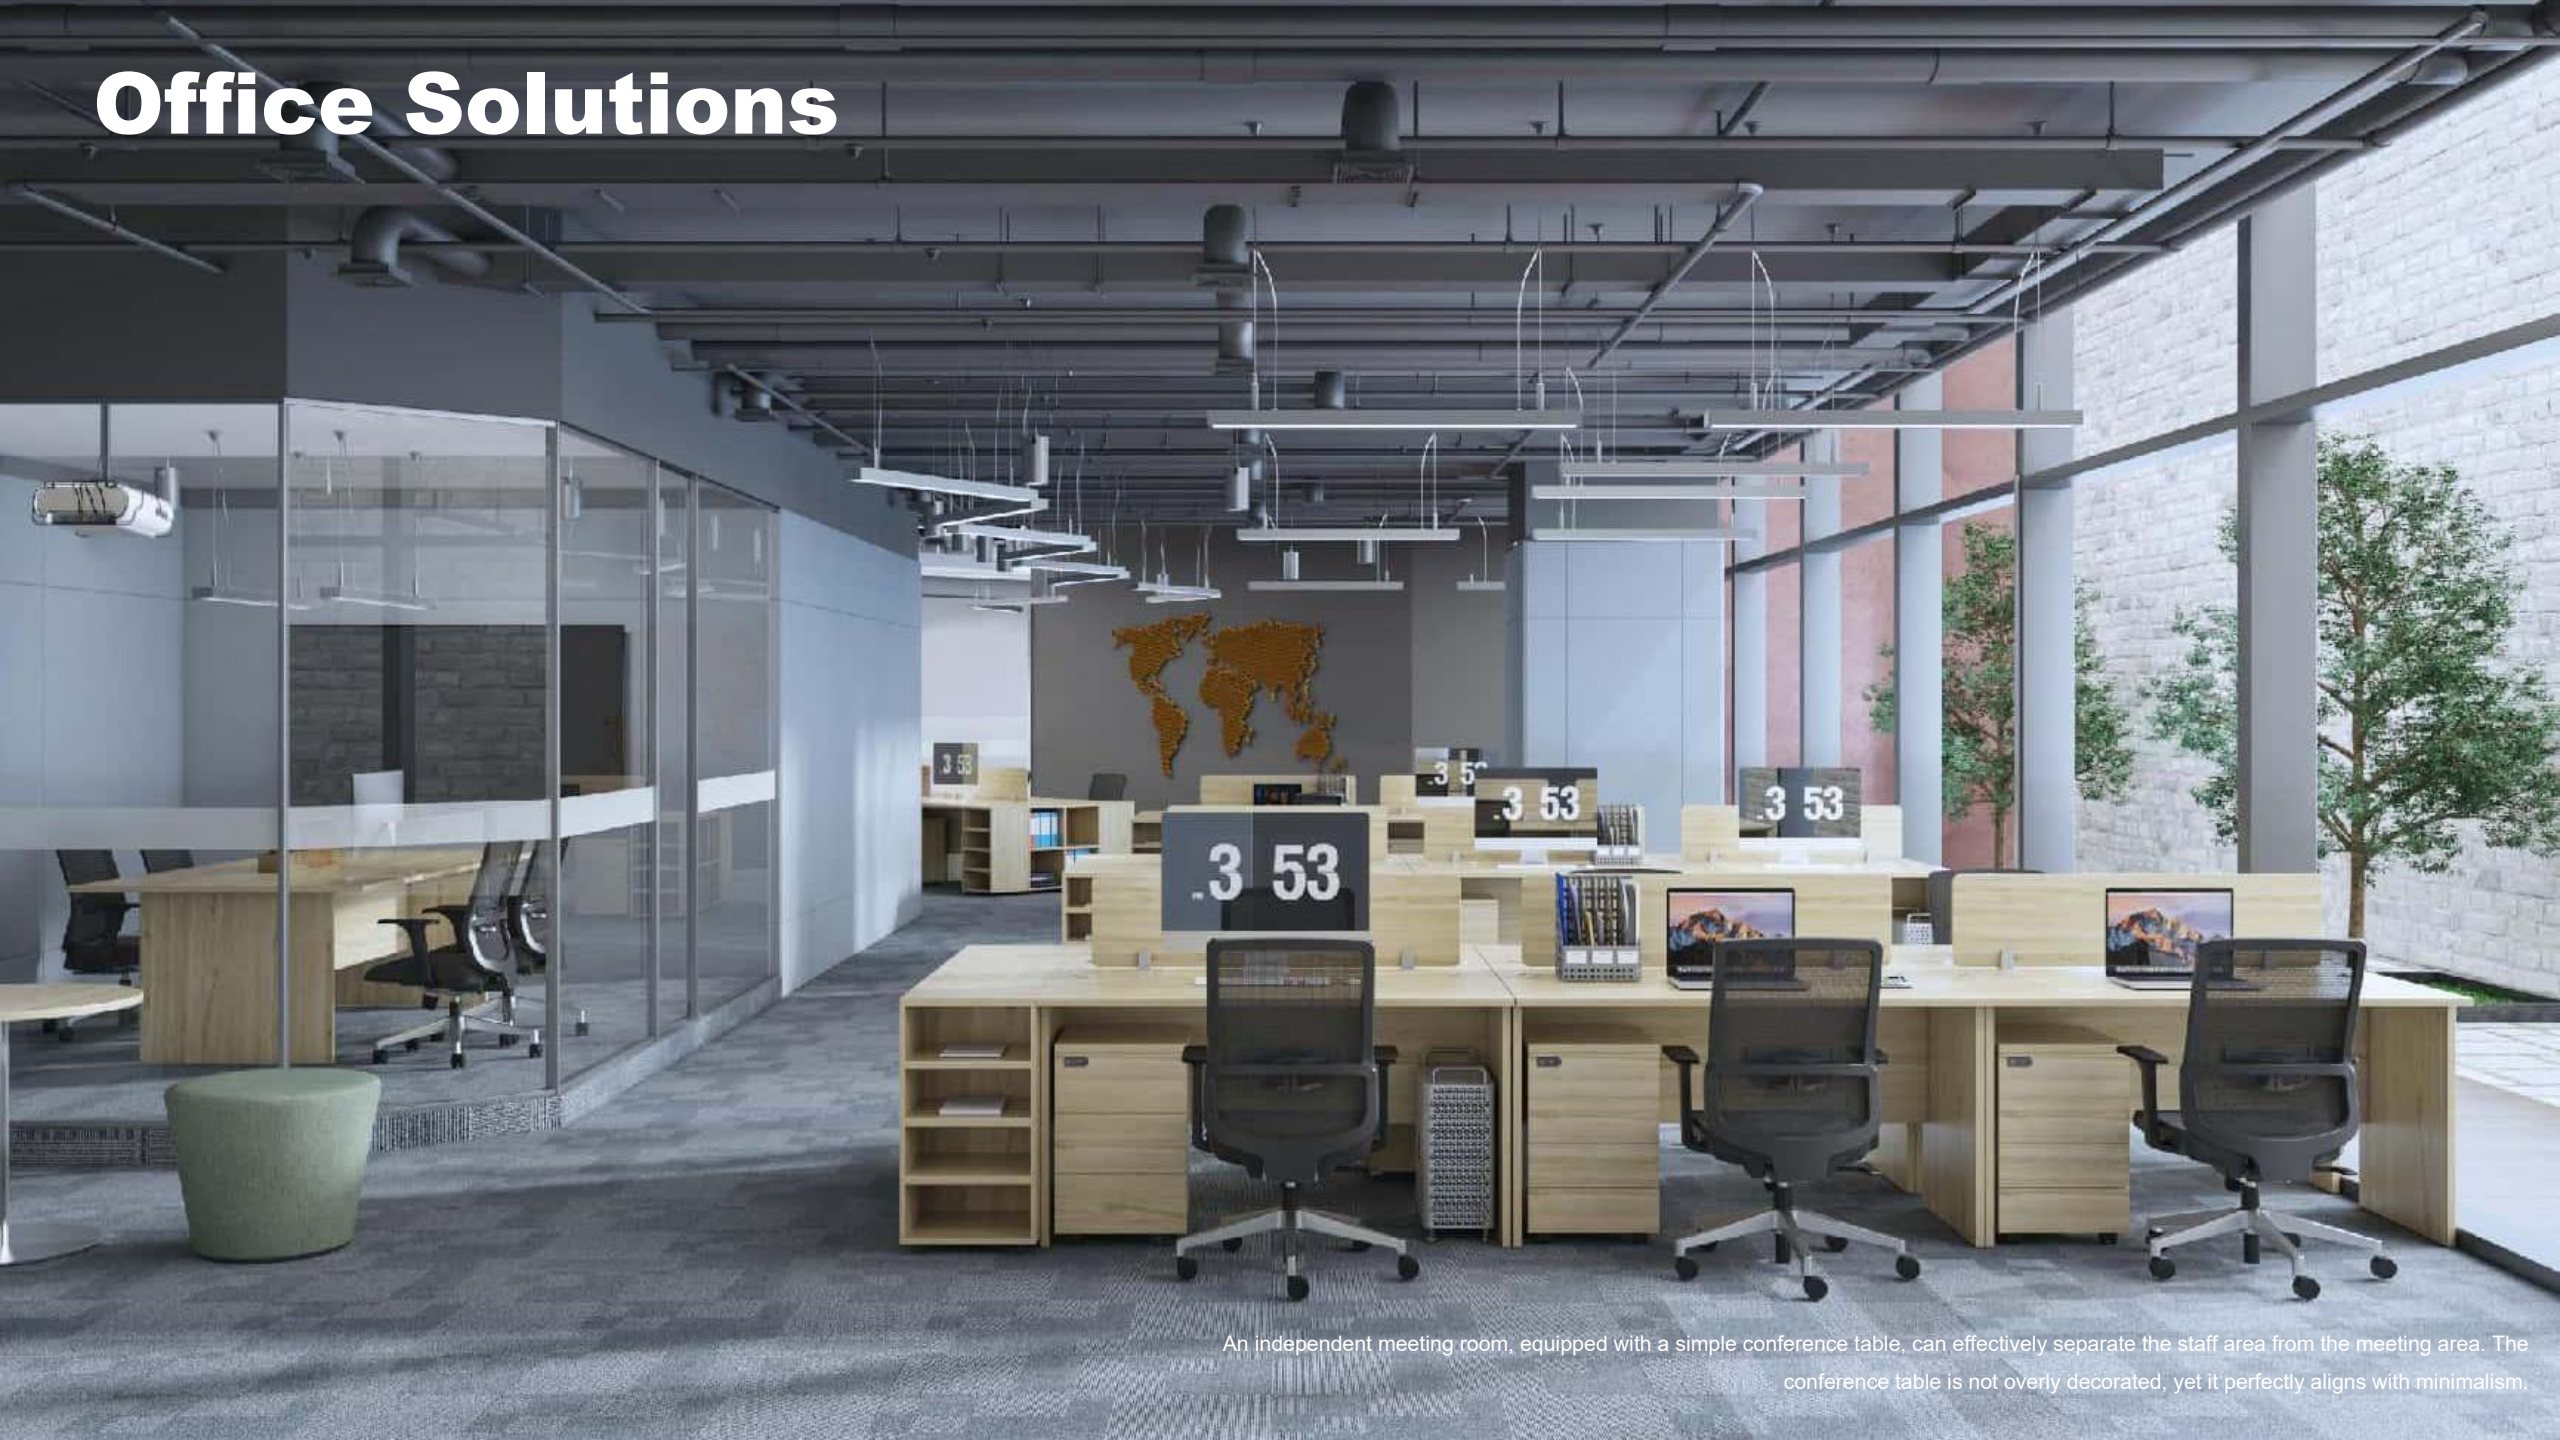

The connection between L-shaped desks and straight desks at the wall or window positions is a very good form of positioning connection.

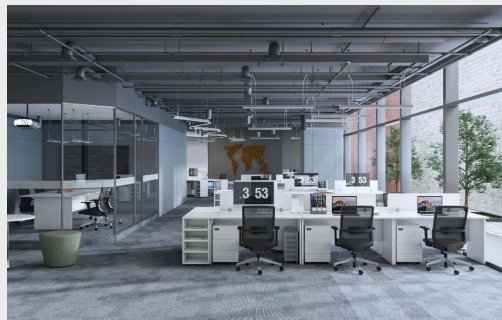

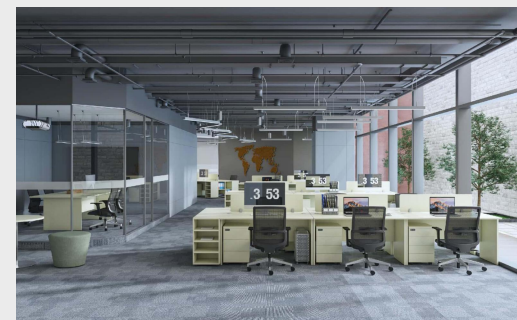

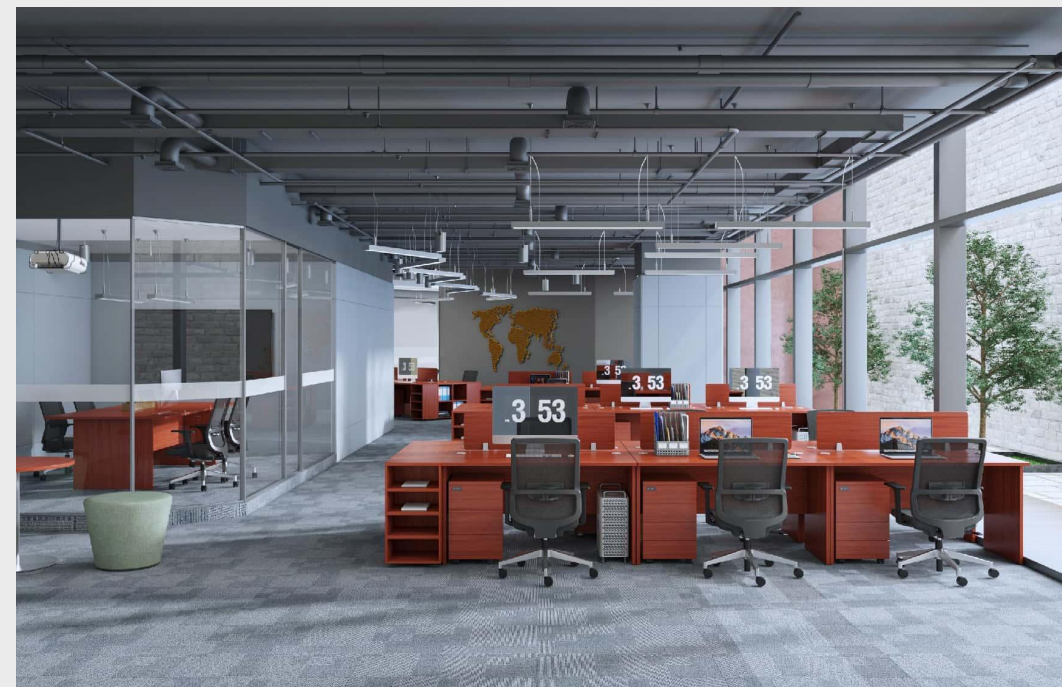

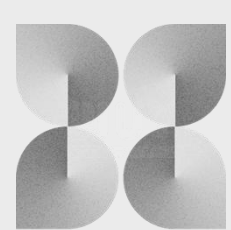

It not only saves office space but also makes the entire office area somewhat different.

Office Solutions

An independent meeting room, equipped with a simple conference table, can effectively separate the staff area from the meeting area. The conference table is not overly decorated, yet it perfectly aligns with minimalism.

There are no elaborate carvings and no superfluous lines.

A good conference table knows how to take a step back in space.

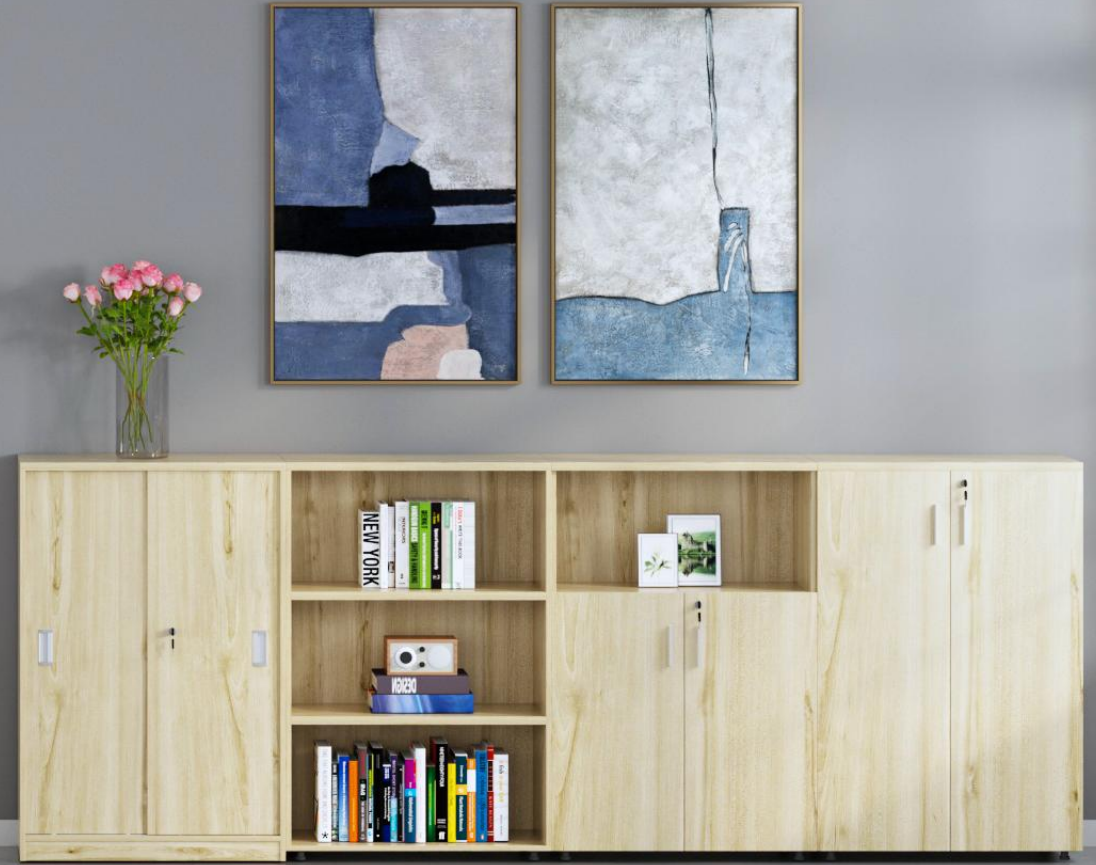

Restraint is for a more focused collision.

Office Solutions

Filing Cabinet

Three dimensions, a kind of tacit understanding. No matter how vast the space is, it can never be larger than being well-organized.

Office Solutions

Filing Cabinet

High cabinets set rules, middle cabinets handle the present, and low cabinets adapt to all kinds of situations.

We are well-versed in the storage philosophy of office Spaces What should not appear should be put away on the top shelf of the high cabinet.

Put what is happening right in the center of the middle cabinet. Whenever needed, place them on the low counter.

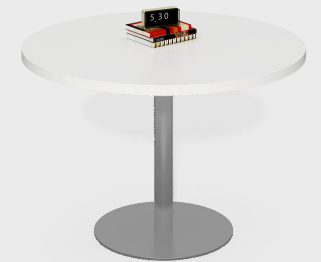

XUSHENG FURNITURE

Office Solutions

Coffee Table

Don't define it. It belongs anywhere.

By the window are dining seats, the corridor is a temporary battlefield, and beside the bookshelf is a reading corner.

The round countertop naturally welcomes gazes and arms from all directions.

Having no direction is the best direction. Come on and leave at any time.
