Guangzhou Xusheng Furniture

XuSheng Office Furniture is a professional office furniture manufacturer based in Guangzhou, China, specializing in modern workspace solutions for global commercial projects.

Since 2008, XuSheng has developed an integrated manufacturing system covering panel furniture, metal fabrication, quality control, and export coordination.

Our 11,000 sqm production base combines both panel and steel manufacturing under one operation, ensuring consistent quality, efficient delivery, and reliable production control.

We design and manufacture complete office furniture systems for commercial environments worldwide, including workstations, executive desks, conference tables, and storage solutions.

As an ISO 9001 & ISO 14001 certified and FSC audited manufacturer, we operate under strict quality and environmental standards to support long-term global partnerships.

At XuSheng, we focus not only on manufacturing furniture, but also on helping our partners create efficient, modern, and sustainable workspaces through dependable production capability and long-term cooperation.

04 MEETING TABLE

The conference table supported everyone's eagerness - some rose to gesture, some rested their chins in deep thought, and some suddenly slapped the table, causing the water in their cups to sway gently.

MEETING SPACE

On the desk lay blueprints, a computer and cold coffee. You draw a stroke, I make a change. Our train of thought keeps turning in the midst of the argument. Some people held down the whiteboard pen and refused to let go, while others snatched the conversation and continued to add. This room is so hot that it doesn't feel like a meeting room but more like a forging factory.
